Swathing Under Way As Good Weather Holds

Ask Priority For 5-bushel Points

At a meeting of the Berrywater Local 1203 FUA held at the Community Centre on Wednesday evening, Aug. 15, it was decided to take up the formation of a 4-H Calf Club at the next meeting on Sept. 19. Anybody interested get in touch with Lee Richardson before that date.

The directors of the Local were appointed canvassers for the membership drive to be held the week of November 12 to 17. The following resolution was passed with instructions to the secretary to forward copies to Mr. Howe and the Canadian Wheat Board.

Resolution: Moved by Dave Sims and seconded by Leslie Richardson that at shipping points where there is only a 5 bushel quota before the cut-off, that these shipping points be taken care of first in the new crop year, that is, that these points be allowed priority in

Fine weather, with clear skies, very little wind and daytime temperatures in the 80's, has prevailed this week and is rapidly bringing the crops to maturity.

Swathing of barley and of early-sown wheat is already underway and will be general in a few days if the good weather holds.

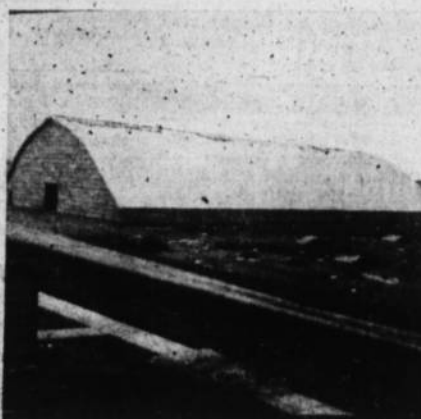

A shortage of harvest help is indicated, due likely to the heavy demand for labor caused by the many large construction projects being undertaken in Western Canada this year.

Most elevators throughout the county have not yet got sufficient space to handle all the initial 300-bushel quota of wheat. Flax and durum wheat are on an initial 5-bushel quota. Lumber yards report a very good demand for granary lumber as farmers are faced with storing the greater part of what promises to be a better-than-average crop.

delivery so as to bring their quota up to the 7 or 8 bushel average quota.

GRAIN STORAGE AT LOMOND—The pictures above show the start and finish of construction of the big building erected at Lomond this summer as a community project under the sponsorship of the Lomond Lions Club. The timber-rib building is 113 feet wide, 208 feet long and 40 ft. high. Built at a cost of \$34,000, with Wilson Builders of Brooks as the contractors, the build-

ing has been rented to the Alberta Wheat Pool for grain storage and now contains 184,000 bushels of wheat. When no longer required for grain storage, the building will likely be converted into a skating rink. Financing was accomplished through the selling of shares to farmers and businessmen of Lomond.

Granum and Butte in Finals

Elks Lose To Indians In South Alberta Playoffs

Playing at Picture Butte last Sunday in the Southern Alberta senior baseball playoffs, Vulcan Elks won the second game of the series 8-5 but lost the third and deciding game by a 15-10 score. Picture Butte now meets Granum White Sox in the finals. The Sox eliminated Lethbridge Miners in two straight games.

Walks and errors told the story in the final game with Vulcan pitching giving up 13 walks and the team committing four errors while the Indians' starter and winner, Jerry Harrison, gave up 11 walks and his mates muffed seven fielding errors.

Tom Snowden, who finished up the final three innings for Indians, was the only pitcher of the day who failed to issue a free pass.

Marty Norman, the smooth-fielding shortstop of the Elks, was the goat of the game as he committed three costly errors in the second inning of the finals in which Picture Butte scored eight times.

After that it was no contest as the Indians poured three more counters across in the fifth and another in the sixth and two more in the eighth.

Harrison allowed six runs on six hits and struck out nine while Snowden allowed four runs on two hits and struck out four. Starter Pat Gillick was the loser for Elks as he was charged with seven runs on six walks and three hits, and he struck out one. Jerry Burcher who came in to relieve in the second inning gave up four runs on two walks and three hits while striking out two. Greg Seastrom stayed on the mound until the end giving up four more runs on three hits and five walks while striking out three.

George Menzies led the winners with three hits including a double while Bob Lee had three singles. Mako Tashima had a double in three trips. Don Jantzie was best for the losers with three hits in five trips including a double.

The first game was a see-saw affair with Vulcan taking a one-run lead in the first inning, losing it as Indians scored twice in the fourth, tying it up in the fifth and going ahead one in the sixth and three in the seventh only to have the Picture Butte club come back with three counters in their half of the stretch inning and tie up matters once again.

Then Elks scored three in the ninth on two errors, a wild pitch, two walks and a single by Mike Jantzie.

Each team picked up 10 hits. Jerry Burcher went all the way for the win striking out three and walking five. John Chavez started and pitched six innings. He allowed five runs on nine hits and six walks while striking out eight.

Harrison gave up the three deciding runs on two walks and one hit. He struck out one. Bill Davidson smashed out a home run and two singles for the winners with playing-manager Don Jantzie smacking out a home run and a single.

Drs. Tompkins and Koziol To Establish Medical Clinic

Announcement is made in this issue of the Advocate that Dr. A. D. Tompkins and Dr. M. E. Koziol have formed a group medical-surgical practice, to be known as the Vulcan Clinic, with offices in the Carson Block at Vulcan. The new arrangement will become effective Sept. 1.

In an interview this week, Dr. Tompkins and Dr. Koziol explained that the establishment of their medical clinic here will mean a more comprehensive and complete service for their patients, since their combined diagnostic and therapeutic equipment will be available for the benefit of all their patients.

They emphasized that their partnership will not interfere in any way with the patients' free choice of a doctor.

They are planning to establish extensive additional services in the X-ray and surgical field, so that in the near future most of the cases which previously had to be referred to Calgary will be treated in the Vulcan Municipal Hospital.

Another advantage to both patients and doctors from the formation of this group practice will be the knowledge gained from the refresher and postgraduate courses in Canada and the U.S.A. which both doctors are planning to attend to keep up with the advances in medical science, as recommended by the College of General Practitioners.

They feel confident that this new arrangement will prove to be of lasting benefit to all concerned and the Advocate joins in extending best wishes to Dr. Tompkins and Dr. Koziol on their progressive outlook which has resulted in the formation of the Vulcan Clinic.

Shearer-Anderson Ceremony, Champion

The Champion United Church was beautifully decorated with gladioli and fern on Friday, Aug. 18, when Gladys Jean Anderson, elder daughter of Mr. and Mrs. Wayne Anderson of Champion, exchanged marriage vows with David Ian Shearer, youngest son of Mr. and Mrs. Delmar Shearer of Carmangay. Rev. W. Huston performed the ceremony.

Given in marriage by her father, the bride wore a floor-length gown fashioned of Chantilly lace which fell gracefully over crinoline. The skirt was very bouffant and was composed of satin. The bodice of the gown was strapless with Chantilly lace jacket featuring long lily-point sleeves. Her Chantilly lace veil of fingertip length misted from a coronet of seed pearls. Her bouquet was a profusion of roses of various shades of yellow, with satin ribbon.

Miss Betty Anderson was her sister's maid of honor and wore a floor-length gown of pencil blue nylon net over taffeta. She carried a bouquet of yellow daisies. Miss Wilma Burley and Miss Carole Shearer, the bridesmaids, wore dresses of mauve and yellow nylon over taffeta respectively and carried bouquets of mauve and yellow daisies. The attendants' tiaras were fashioned of flowers and rhinestones on net bandeaux. The groom was attended by Pienny Anderson of Carmangay and the guests were ushered to their places by Charles Anderson, brother of the bride, and Ken Schultz of Bashaw.

The wedding music was played

by Mrs. A. M. Mahoney and two solos were sung by Mrs. J. Kotkas with Mrs. Mahoney playing the accompaniment.

Mrs. Anderson chose for her daughter's wedding an afternoon dress of navy crepe featuring a navy and pink jacket. Her accessories were navy blue and she wore a corsage of red roses. Mrs. Shearer, the groom's mother, wore an afternoon frock of ivory printed silk with navy duster. Her accessories were white and her corsage was of red roses.

At the reception following the ceremony, eighty guests were seated at the tables in the church parlors.

The bride's table was centered with a beautifully decorated three-tiered wedding cake flanked by lighted tapers. At each end of this table were dolls, exact replicas of the bride and her attendants, with their gowns fashioned from icing.

Robert M. Gardner proposed the toast to the bride, and the groom responded.

Past Matrons of the OES catered to the reception.

Guests present from out of town were from Carmangay, Barons, Nobleford, Brant, Bashaw, High River, Calgary, Vulcan, Rosebud and Picture Butte. G. H. Huff of Spokane, Wash., the bride's grandfather was also present.

For the West Coast honeymoon the bride wore a navy dress with white accessories with a teal blue top coat. Her corsage was of Tallman roses. The young couple will make their home on the groom's farm at Carmangay.

The latest news is that Brant is still short two teachers, a principal for High School grades 10 and 11 and a Grade 1 and 2 teacher. Other than this complaint, the Brant school is ready for opening on Sept. 4 with general cleaning during the holidays and with the addition of 30 new modern desks.

Good news. Brant's ten wee puppies and mother, all but two puppies, have so far been very lucky in securing good homes. Nice to know they didn't have to be destroyed, and I am sure they have helped to make a few boys and girls very happy.

Some fields of barley and oats in Brant district have been swathed to finish ripening. This is the first signs of the start of fall harvest. The wheat crops are turning and if the weather says warm and dry, harvest should be in full swing in two weeks.

On August 16 the Catholic Women's League met at the home of Mrs. O. Paton with eight members present. Conveners were selected for the fall bazaar and it was decided to have a fish pond instead of candy for the children this year.

Mrs. Pat Gallagher was asked to purchase flannellette for the members to make up for the Providence Creche. There being no further business, president Mrs. C. Rhodes led the group in a discussion on religious medals.

Several articles were turned in for the bazaar.

Lunch was served by Mrs. Gallagher and Mrs. N. Flebotte. The hostess gift was won by Mrs. Drushal.

Christian Jensen was the lucky winner of the High River Fish and Game Association draw on the plane trip to Great Falls. The draw was made by the High River Rotary Club August 9.

The trip was made with the president, Steve Dixon on August 14 in a Stinson aircraft. Flying time was five hours for the round trip. The advantages of flying were very impressive to Mr. Jensen, this being his first airplane ride. They were able to look over a great deal of country.

Harvest in Montana was in full swing with wheat about completed.

One of the factors making the mountain national parks so attractive is the wide range of accommodation available. Vacationers can choose some of the most luxurious hotels in North America, while more modest accommodation can be had at very reasonable rates.

"For God sent not His son into the world to condemn the world; but that the world through Him might be saved."

"These are written, that ye might believe that Jesus is the Christ, the Son of God, and that believing ye might have life through His name."

Come to the Savior, make no delay
Here in His word He has shown
the way:

Here in our midst He's standing
today,
Tenderly saying, "Come!"

The bright idea of a New York Fire Commissioner gives us an idea, too. He liked his dress cap; disliked the regulation fire helmet — but he recognized the ever-present danger of falling debris. So he simply had an inner shield of aluminum made and fitted into the cap.

And that's where our idea comes in: A lightweight aluminum shield that would fit under a wayward husband's fedora and save him many a skull abrasion when he sneaked in late at night to a rolling-pin reception by the little woman. Ah! aluminum, the useful metal!
